

23" Washable Round Cervical Pillow with Removable Cover Memory Foam Bolster Ergonomically Designed for Neck Lumbar Bolster Aid Therapeutic Sleep Posture

Features Brand New and high quality.* Adjusts for perfect comfort.* Bendable core holds any position.* Cover zips off for machine washing.* Roll pillow ideal for lumbar and leg support.* Multi use flexibility to use in the comfort of your home, office or travel.* Just the right size and stays in place as you move and change positions.* By targeting pressure points in the right places to give you great comfort and support when you are sitting. Warm Tips:* Due to differences in bone growth between men and women, 8-10cm height pillow is recommended for female use. 10-12cm height pillow is recommended for male use.* It is far too hard for intended purpose of neck pillow, cannot be used as a neck pillow for sleep, because it is a sturdy pillow with lots of support. But if you using it to position and support your body it is perfect. You can use it to help with stretching and physical support.
