

Black Mountain Products Peanut Stability Ball with Pump 1000lb Static Weight Capacity, Purple

Black Mountain professional grade peanut stability ball allows you to improve your core strength, balance, and overall agility through ab, back, gluts, hips, arms, and other muscle-group exercises. Whether used once a day for home workouts, all day as an office seat, or constantly in a professional gym, the Black Mountain Professional Grade Peanut Stability Ball retains its shape and inflation. Designed with dense walls for ultimate support and durability, these balls are weight-rated up to 1000lbs static weight and are protected with a manufacturer's warranty. Includes easy-to-use foot pump and starter brochure.
