

## CAP Barbell Puzzle Exercise Mat, 12 Piece

Protect your floors from potential damage with the CAP Barbell Puzzle Mat. This thick mat shields floors against scuffs, scrapes and dents from heavy exercise equipment, preventing dents and more. Its unique design allows you to expand it as needed, accommodating both open workout spaces as well as fitness equipment. It features 12 interlocking pieces that fit together easily. When fully assembled, the floor puzzle mat can cover an area large enough to accommodate an individual exercise machine. More pieces can be easily added (additional pieces are sold separately). The gym puzzle mat provides foam padding that's comfortable to walk on, while keeping floors protected. The foam is infused with anti-microbial agents that help keep workout spaces fresh and clean and can even combat normal gym odors. The mat is easy to clean and can be maintained simply by wiping the surfaces as needed. The mat comes in a neutral black shade.
