Description YOGA MAT: These mats roll up tightly and lightly, and are perfect for people on-the-move. Their compact design allows them to be rolled, folded, stuffed and compressed. Ideal for beginners as well as travelers looking to stay fit and flexible on-the-go. This is a no-brainer for

anyone who has been doing yoga on their floor until now. You know who you are :) YOGA STRAP: Yoga straps are a helpful tool for yogis (and aspiring yogis) of all levels. They lengthen your body and bring you deeper into your stretch by giving you the length to grasp limbs and fold deeper into your stretch as you gain flexibility with each passing breath. The cotton webbing is exceptionally strong and provides sufficient length for people of all sizes, shapes and ages. The buckle is easy to thread and place into proper position and provides maximum support for secure holds. Time to stretch yourself and take your yoga to the next level. CARE AND CLEANING: Both products can be washed with warm soapy water and air dried. The strap is fine to wash in the washing machine and dryer for and extra deep cleaning -- though not recommended for the mat.
