

Heavy Duty P.V.C. Equipment Mat for Upright Indoor Cycles

Improve the environment for your workout with this Heavy-Duty PVC Equipment Mat for Upright Indoor Cycles. It's made of super-tough cushioned foam and serves multiple purposes. This heavy-duty PVC mat has a textured non-slip surface that supports equipment and prevents movement. It also performs well as a place for doing floor exercises such as aerobics or stretching. The thick cushioning protects floors and carpets from scratches, cracks and other damaging effects caused by heavy equipment. It's odor-free and can be cleaned off easily with a damp cloth. This Heavy-Duty PVC Equipment Mat for Upright Indoor Cycles reduces vibrations helping to muffle noises. It extends the life of your machines by reducing wear and tear, as well as dust. This mat is handy for cardio exercise equipment like treadmills, ellipticals and more.
