

Teenage Mutant Ninja Turtles Retro Michelangelo Kids Yoga Mat

Master your yoga poses like a ninja. Even the Ninja Turtles take time to learn and practice new moves. For young ones and teens, a little humor and adventure will help get the most out of their yoga routine. Show them how fun yoga can be with Michelangelo by their side! They'll love the challenge of using strength and balance to master ninja-like poses, and they'll build confidence along the way. Regular yoga practice is a great way for kids to destress and relax. They can step away from the troubles of school or sports and just breathe. They'll enjoy the sense of freedom and control yoga can bring and learn to focus by clearing their minds. The positive and non-competitive nature of yoga can benefit all kids, athletic or not. Practice and learn with friends anywhere. Teens can jump in on adult classes, practice on their own at home or at the park with a couple friends. This mat is non-slip and latex and 6P free, so they're safe practicing even the toughest ninja moves.
