

# Workout Gloves for Weight Lifting Fitness Gym Crossfit Wrist Support Adjustable Wrist Wrap Men and Women

Lebboulder's crossfit workout gloves are designed to help you lift more, while preventing annoying (and painful), hand conditions such as abrasions, calluses, and blisters. Our patented grip technology holds strong when lifting heavy weights, enabling you to up your payload, without worrying about slipping. Ventilated design and protective genuine leather exterior provides maximum support allowing you to achieve your muscle building goals, while the unique wriststrap is adjustable to ensure a tight and secure fit, every time. Lebboulder was built by workout enthusiasts like you, whose goal is to make your next trip to the gym more comfortable, and more efficient, allowing you to focus on what you do best. Lifting weights.
